

Willow Oaks Plantation

Approved Caterers

Gourmet in-house catering is available at Willow Oaks Plantation, or choose from the following approved outside caterers. Willow Oaks Plantation charges a \$250 facility usage fee on all catering invoices to approved outside caterers. This fee is usually passed along to the catering client. Clients must contact the caterer and negotiate with the vendor directly.

Each of our caterers has been selected because of their unique style and commitment to quality food. We recommend using one of our preferred caterers; however, a caterer of one's choice can be used for an additional \$100 charge. Any caterers not appearing on this list are subject prior approval by Willow Oaks Plantation management. All caterers must provide proof of licensing and liability coverage.
